

FOSTER APPLICATION

Fostering is a wonderful way to give hands-on help to a homeless dog. TAGG Rescue provides food, medication, vet care and supplies. We ask that you provide a loving heart and a little of your time. You can choose puppies, young dogs, or even senior dogs with which to share your home. Most of our foster dogs are adopted very quickly. TAGG makes it easy by locating and investigating potential adopters. All you are asked to do is chat with a potential adopter to answer any questions they have, and make the dog available to meet an adopter. If for some reason the foster dog you select is not a good match for you, TAGG is there to help rearrange fosters. Fostering is a labor of unconditional love, but we at TAGG make it as easy as we can. Fostering is a win-win all the way around:
